the Links at  
SUMMERLY

Southern California's destination for links golf located in Lake Elsinore California at the foot of the Ortega Mountains. Just minutes from Temecula to the south and Corona to the north, The Links at Summerly's stunning par-72, nearly 7,000-yard layout was designed by renowned golf course architect Cal Olson to fit seamlessly into the landscape – incorporating natural mounding, rolling terrain and three miles of Scottish-style burns to provide the look and feel of traditional links-style courses of the British Isles.
